3 LAKE STREET, GRIMSBY, ON

CUSHMAN &
WAKEFIELD

Investment Highlights

Strategic Location

Grimsby is strategically located between Hamilton and Niagara Falls, approximately 1 hour from downtown Toronto and 30 minutes from the United States border crossing. The Property benefits from being on the shores of Lake Ontario with Lakecourt Marina, Foran's Marina and the Port of Grimsby located immediately adjacent to the subject site. The Queen Elizabeth Way (QEW) is located within a short distance of the Property providing easy access to destinations throughout the GTA. Further benefit is realized in the proximity to public transit with a short walking distance (700 meters) from the Grimsby VIA rail station, providing access to locations in Burlington, Oakville, and Downtown Toronto. There are a number of area amenities, with convenience retail and other larger retail offerings primarily to the south at the intersection of Main Street West and Mountain Street as well as several well rated schools located in the neighborhood.

Poised for Growth

It is anticipated that the Region of Niagara will accommodate 18% of the growth in the outer ring in the Greater Golden Horseshoe through 2051, representing forecasted growth of 674,000 residents by 2051. Metrolinx has also proposed a Grimsby GO Station with a proposed station location at Casablanca Boulevard. The station would provide direct and frequent service to the Greater Toronto Hamilton Area along the Lakeshore West line which has 30,000+ riders per day.

Favourable Land Use Planning Designations

The Property benefits from favourable land use planning designations that support the development of low density residential housing types as-of-right. Due to its proximity to a major arterial road, it is likely that achievable built form for the site could include townhouses, stacked townhouse and clear potential to achieve higher density residential development concepts. There are luxury townhouse developments existing in the immediate area and higher density apartment condominium in the pre-construction phase of development setting a good precedent for achievable density applicable to the Property.

Planning Overview

The current Town of Grimsby Official Plan designates the site as Marine Commercial Area. The Official Plan designation permits a number of unique uses including:

- » Medium Density Residential development;
- » Marinas, boat rental, charter facilities, boat repair facilities, boat sales outlets, convenient commercial uses and other similar commercial uses that are oriented to the water;
- » Restaurant and banquet facilities; and
- » A single detached dwelling or a residential unit in a commercial building for the owner, manager or caretaker of an operation.

The Town of Grimsby Official Plan goes on to state that New Medium Density Residential development shall be oriented to existing marina facilities and the following additional uses and dwelling types will be permitted:

- » Townhouses and other forms of multiple unit ground related housing;
- » Low-rise apartment buildings;
- » Home Occupations subject to Section 3.4.1.5;
- » Parks and open spaces;
- » Community facilities;
- » Public and private utilities;
- » Bed and Breakfast Establishments subject to Section 3.4.1.6;
- » Local Convenience/Service Retail subject to Section 3.6.2;
- » Day Care Facilities subject to Section 3.4.1.8;
- » Places of worship subject to Section 3.4.1.9;
- » Group Homes; and
- » Communal housing.

The site is zoned Marine Commercial and as such a zoning by-law amendment would be required to facilitate residential development on the Property.
