INVESTMENT HIGHLIGHTS

Desirable Waterfront Community

Located in South Muskoka, Port Severn is a popular waterfront community located on Georgian Bay just 1.5 hours north of Toronto and midway between Barrie (30min.) and Port Carling (40 min.). Orillia is a 30 minutes drive. Year-round recreational activities include boating in the extensive Trent-Severn Waterway which can be quickly accessed at Lock 45 in the warmer months as well as skiing at Mount St. Louis, Moonstone a 14 minute drive south in the winter months. The Town of Midland is 20 minutes drive to access additional key lifestyle amenities including hospital, shopping, schools and restaurants. The public elementary school is in Honey Harbour, which is an 11 minute drive from the site, with the secondary school in Gravenhurst being 50 minutes away.

Housing Market And Infrastructure

Since September 2024, there has been an increase in sales centres opening throughout the GTA and secondary markets. While the cost of housing remains high, the gradual lowering of interest rates and increased market confidence has seen positive effects on the new housing market. Water/sewer infrastructure and capacity are barriers to development for many regions in Ontario. The cost to construct the infrastructure is high and is mostly developer driven. 74 Honey Harbour Road has water and sewer connections at the lot line. Although the District of Muskoka only allocates capacity at the time of registration, it is understood that servicing capacity is not a concern for this development.

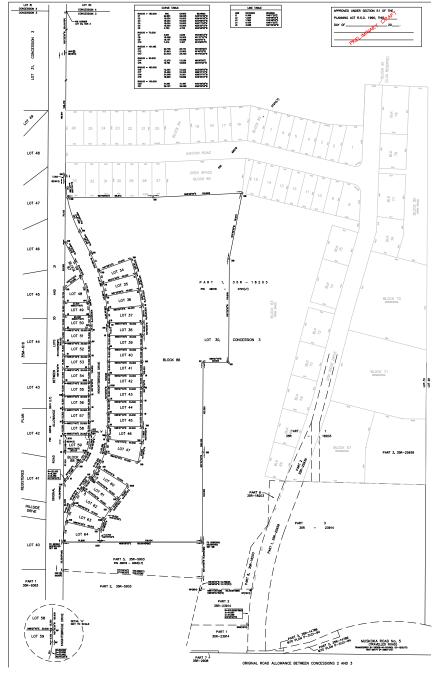

Proposed Development

The project has obtained Zoning and Draft Plan Approval (expiry April 22 2026) for the development and construction of 377 housing units in various built forms over two phases. Based on discussions with the District of Muskokato commence development for this project, the builder must register Phase 1 for the development which consists of 225 units. In order to register, the District's engineering department requires the existing Functional Servicing Report (FSR) to be submitted and reviewed by municipal staff for approval. In addition, town staff may request a servicing agreement.

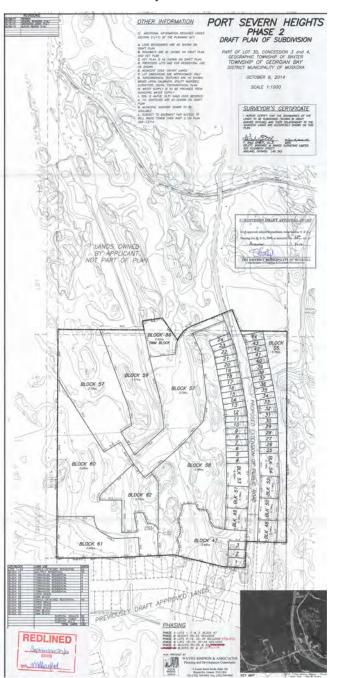

District of Muskoka staff states that although capacity is available, allocation of municipal services is granted at the time of the registering of Phase 1 and approval of the FSR.

DEVELOPMENT PLAN - SINGLES / TOWNS / MULTIPLES

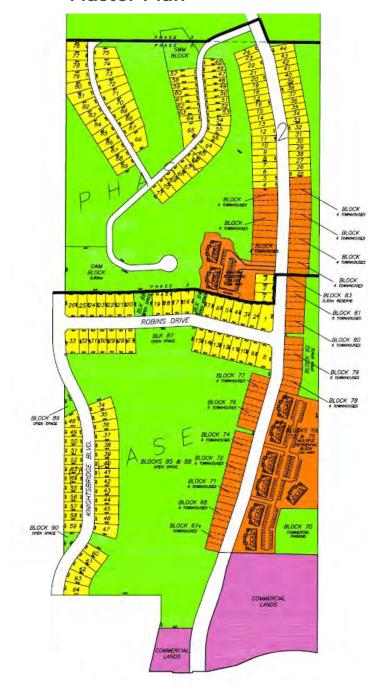

Phase I Development Plan - 225 Units

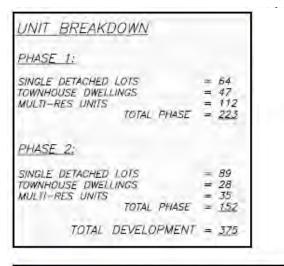

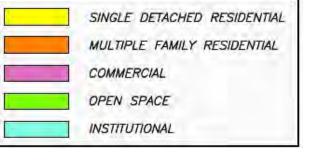

Phase II Development Plan - 152 Units

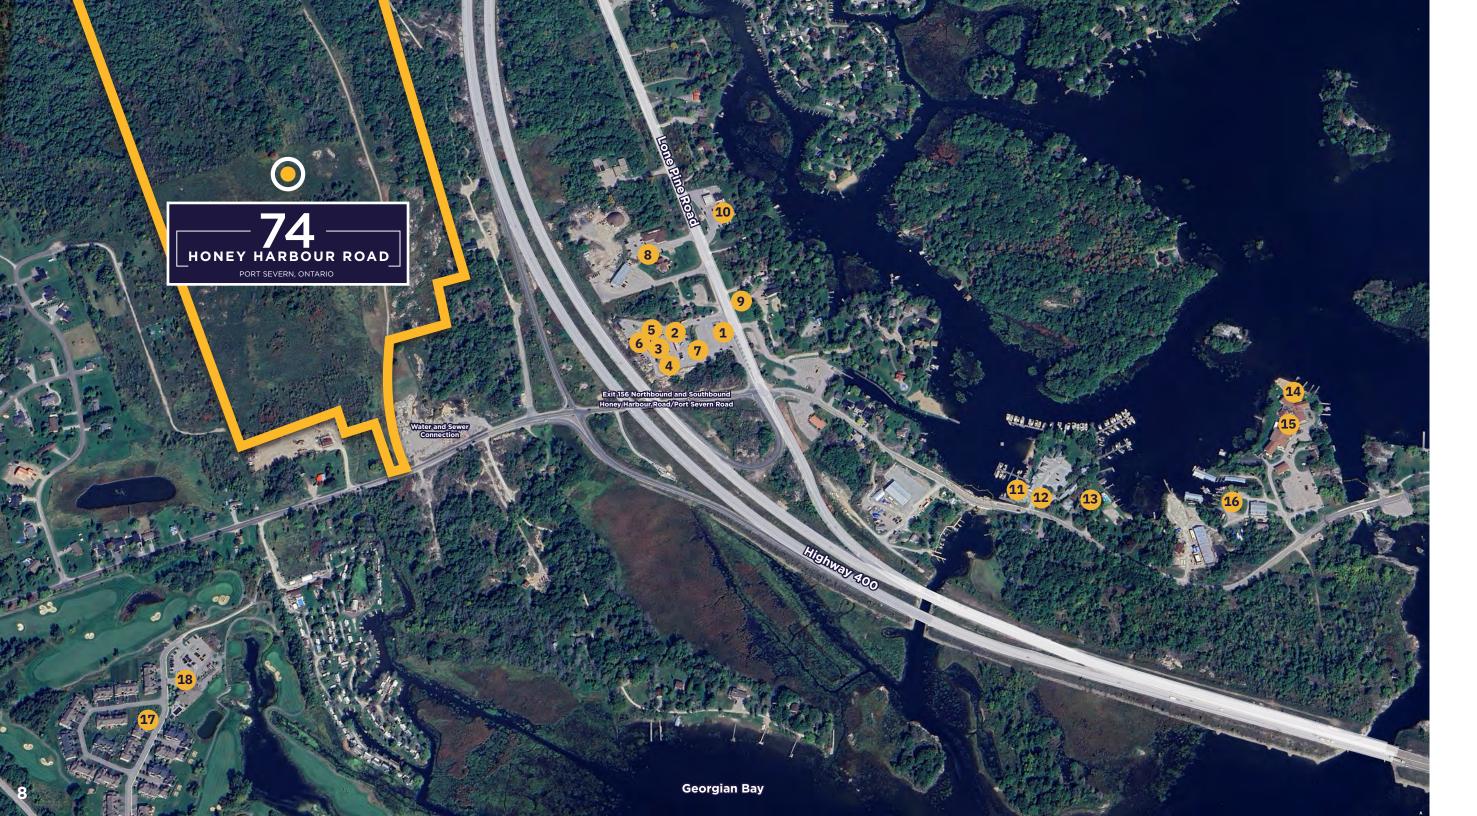

Master Plan
