AIRPORT TECHNOLOGY PARK

480 NORTH 2200 WEST - SALT LAKE CITY, UTAH

The Airport Technology Park is a 79 acre campus located just east of the Salt Lake City International Airport. The park is comprised of eight buildings totaling more than 1.4M square feet.

The Park has abundant power with on-site electrical switch and substations that provide redundant power to the campus at an estimated 25% cost savings. The property is served by both the northern and southern power grid, which greatly reduces the risk of outages. Added tenant generators and a UPS System further supplement an already robust electrical system.

BUILDING SPACES AVAILABLE ±18,000 RSF-±152,432 RSF

SITE ELECTRICAL **SERVICE**

11,200 Amp with 277/480 volt pad-mounted

transformer
