A HEALTHY MARKHAM INDUSTRIAL MARKET

The current supply and demand imbalance remains in the Markham Industrial Market. With vacancy still under 2%, rental rates have risen at an incredibly fast pace, over the past few years. This makes ownership at The Denison the most effective way to combat further rising rents and take control of your future.

THE BENEFITS TO OWNING YOUR OWN SPACE

Cost Certainty

Owning real estate ensures cost certainty in an inflationary environment.

Clean & Bright Space

The Denison offers upgrades that provide buyers with a fresh start for their business.

Build Equity

Ownership helps build long term equity for retirement, rather than contributing to the retirement of the landlord.

Smart Investment

Ownership at The Denison allows buyers to take advantage of one of North America's top Industrial markets, as indicated by a 141% rise in rental rates since 2017.

MARKHAM STATISTICS

With higher-than-average household income and a rising population, Markham is an ideal location to locate your business. Subsequently, the Markham industrial market has remained strong and resilient during this economic slowdown. Industrial vacancy is lower than most areas of the GTA, and rents are 3.6 % higher than the GTA average.
