FOR SALE: 728 & 732 QUEEN STREET EAST, TORONTO

728 & 732 QUEEN STREET EAST

OFFERING AT A GLANCE

Cushman & Wakefield’s National Capital Markets Group is pleased to offer for sale **728 and 732 Queen Street East**, (the “Properties”), two fully-renovated streetfront retail buildings in Toronto’s **South Riverdale** neighbourhood. Located on the northeast block of Queen Street East and Broadview Avenue, 728 and 732 Queen Street East offer investors a rare opportunity to acquire two fully-renovated, streetfront retail mixed-use buildings in one of Toronto’s fastest-growing retail corridors.

Encompassing 8,269 square feet of total net rentable area across both Properties, the buildings have been recently renovated and fully leased with an average remaining lease term of 4.7 years. Both retail tenancies are on net leases which places full responsibility for operating costs, property taxes, and utilities on the tenant - offering stable, growing cash flow with minimal landlord obligations.

Both buildings have undergone significant upgrades to improve operating efficiency and tenant comfort. All units are equipped with individual HVAC systems using modern tankless combo units for heating and cooling. Each unit is separately metered for hydro and gas and sub-metered for water, allowing tenants to manage their own utility consumption and reducing landlord obligations. In addition, all residential units feature in-suite washer and dryer appliances - enhancing convenience and supporting strong long-term rental appeal. Both buildings are steps from the future Ontario Line station, positioning them for long-term upside as foot traffic and demand intensify.

Located on Queen Street East, the Properties are in a vibrant urban community known for its boutique retail, culture, and walkable streets. Major public investments like the **Ontario Line**, the **East Harbour** transit and employment hub, and the **Lower Don Lands** redevelopment will greatly benefit the area. The future Riverside–Leslieville Ontario Line Station will provide rapid connections to key destinations, while the East Harbour project will create jobs and a new transit interchange. The Lower Don Lands redevelopment will introduce new homes and a waterfront district. These projects make Queen Street East a compelling urban retail corridor with immediate appeal and long-term growth potential.

INVESTMENT HIGHLIGHTS

Prime Retail Location
Positioned on Queen Street East in South Riverdale, the Properties reside in one of Toronto’s fastest-evolving retail corridors and benefit from exceptional visibility and strong pedestrian foot traffic.

Turnkey Asset with Fully Upgraded Building Systems
Both properties have been extensively modernized, offering investors a truly hands-off, low-maintenance asset. All units feature individual HVAC systems with high-efficiency tankless combo units for heating and cooling, in-suite washer/dryers, and are separately metered for hydro and gas, with sub-metered water - shifting utility responsibility to tenants and streamlining operations. These upgrades significantly reduce near-term capital requirements, enhance operating efficiency, and support long-term tenant retention across both the retail and residential components.

Long-Term Leases with Diversified Income
With two established retail tenants and eight well-leased residential units, the properties generate stable, diversified cash flow - lowering reliance on any single tenancy.

Future-Proofed by Ontario Line Expansion
The Properties are located only 250 metres from the future Riverside - Leslieville Station on the Ontario Line. Once completed, the station will offer direct connections to key designations across Toronto and the GTA including transfers to Line 1 (Yonge–University), Line 2 (Bloor–Danforth), GO Transit, and multiple TTC routes.

EAST HARBOUR

SUBJECT PROPERTIES

East Harbour will transform Toronto's east end into a 38-acre mixed-use hub with 10 million sq. ft. of office space, 4,300 homes, and 9 acres of parks. Designed as a live, work, and play community, it will feature retail, entertainment, cultural spaces, and sustainable design along the Don River and Lake Ontario.

At its core, the East Harbour Transit Hub, often called "Union Station to the East," will connect GO lines, the Ontario Line subway, and streetcars, serving more than 100,000 daily riders. With 50,000 new jobs and world-class amenities, East Harbour is one of North America's most ambitious urban revitalizations.

city's most acclaimed restaurants. With tree-lined streets, character homes, and vibrant public spaces, South Riverdale attracts professionals, families, and creatives seeking an authentic urban lifestyle within minutes of downtown Toronto.

This sought-after district enjoys excellent transit access with streetcars along Queen and Broadview, quick links to the DVP and Gardiner Expressway, and proximity to major new developments like East Harbour and the Ontario Line. As Toronto's east end continues to transform, South Riverdale offers a rare balance of neighborhood character and modern convenience, making it a prime location for living, working, and investing.

South Riverdale is one of Toronto's most dynamic neighbourhoods, celebrated for its blend of historic charm and modern vitality. Anchored by Queen Street East, the area offers an eclectic mix of independent boutiques, artisanal cafés, craft breweries, and some of the

ONTARIO LINE

The Ontario Line is Toronto's most ambitious transit expansion in decades - a 15.6 km rapid transit line connecting Ontario Place in the west to the Ontario Science Centre in the east. Designed to move 388,000 riders daily, this new subway will drastically reduce travel times, ease congestion on the TTC's Line 1, and create faster, more efficient connections across the city. Fully integrated with GO Transit, TTC subway lines, and streetcars, the Ontario Line is poised to transform how Torontonians commute.

One of the Ontario Line's most significant stops will be the East Harbour Transit Hub, serving as a major interchange between GO services, streetcars, and the new subway. This connectivity will anchor East Harbour as a premier destination and unlock tremendous development potential along its route. With completion targeted in the early 2030s, the Ontario Line represents the future of transit, linking communities, supporting growth, and driving Toronto's next wave of urban development.

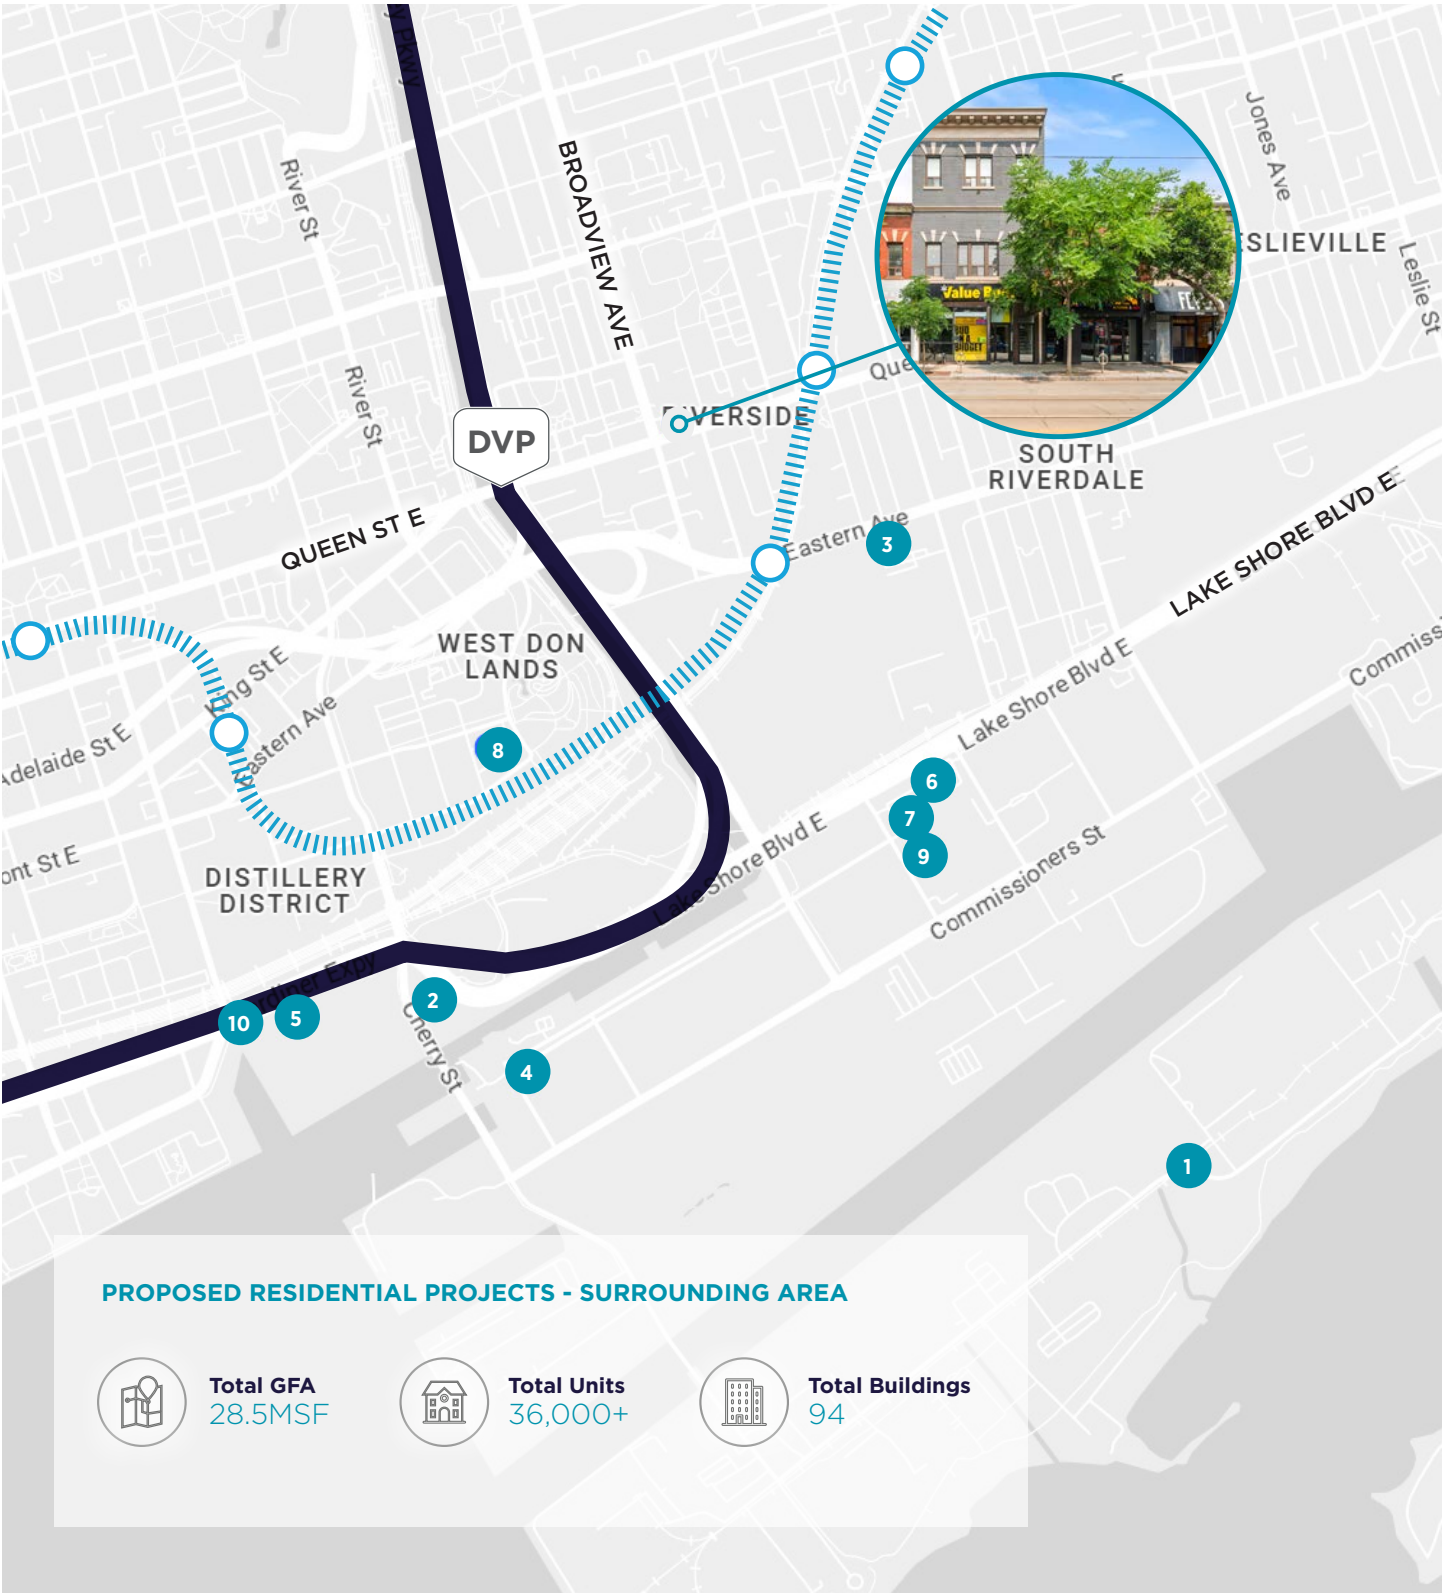

RAPIDLY INTENSIFYING RESIDENTIAL NODE

There are numerous proposed residential projects within the surrounding area of the subject Properties including 10, large scale multi-phased projects. These projects range in size from 1,000 to 8,400 residential units and range upwards of 72-storeys in height. Due to the proximity of the future Ontario Line and existing higher order transit, the general area will continue to be a target for residential intensification over time.
