While some longtime Mentorites may wish for the simpler days when Mentor was a quiet, rural town

**CITY OF
MENTOR**
the city of choiceSM!

dotted with nurseries and two lane roads, most would agree that it's still the best place to live in Northeast Ohio. This is largely due to an excellent quality of life, which means: location; excellent schools; attractive, affordable housing; responsive city services; 1,200 acre park and recreation system; low crime rate; and spirit of cooperation.

Mentor offers a diverse mix of housing — from upscale, contemporary to charming, century homes in the Old Village District. From the planned developments of Sausalito, French Hollow and Pinegate, to apartments and condominiums. The majority of homes are single family detached and owner occupied. The median home value is \$194,660.

If you're a business owner looking for a vital community in which to locate or expand your business, there's an array of services offered through our Economic Development Department. Mentor is home to a significant number of biomedical firms and international and national corporate headquarters; but our staff also works hard to encourage the growth of young companies and offers attractive incentives to ensure their success.

Mentor is a popular destination for visitors who come to shop, hike or just hang out. Consider Headlands Beach — Ohio's longest and best swimming beach and named one of the 20 best beaches in America by CNN Travel; the Mentor Lagoons Nature Preserve and adjoining Mentor Marsh State Nature Preserve boast over a mile of natural beach and more than 1,000 acres of trails, boardwalks and wildlife. There's also the James A. Garfield National Historic Site, home of our 20th U.S. President, and many, many shopping and dining opportunities.
