# PORT OF HOUSTON HIGHLIGHTS

- 1st ranked U.S. port in foreign waterborne tonnage—220.1 million short tons (2024)
- 5th ranked U.S. container port by total TEUs
- Largest Gulf Coast container port, handling 74% of U.S. Gulf Coast container traffic

The Port of Houston continued strong in the first quarter of the year, exceeding 1.0 TEUs for the fifth consecutive quarter. While continuing to watch closely for shifts in the global market and how that could impact cargo in the region in the upcoming months, activity in the port remains strong. Breakbulk cargo, particularly steel and project cargo shipments, continue to support the area's energy and manufacturing sectors. Steel import volumes skyrocketed 26% in March compared to March of last year and are up to 10% year-to-date.

## QUARTERLY COMPARISON TEU

|                                     | 2025 Q1          | 2024 Q1          | Difference              | % Change     |
|-------------------------------------|------------------|------------------|-------------------------|--------------|
| Loaded Inbound                      | 480,645          | 485,976          | -5,331                  | -1.1%        |
