VIEW DYNAMIC *Smart Glass*

INTELLIGENT WINDOWS

With View Dynamic Glass, tenants will be able to enjoy windows that do not require blinds or shades, preserving the panoramic hill country and greenbelt views surrounding the property. Powered by a sophisticated intelligence engine that adapts to outdoor conditions and occupant preferences, View Dynamic Glass automatically adjusts tint levels based on Uplands Corporate Center's design, location, orientation, sun position and cloud cover. By letting in natural light and blocking unwanted solar heat during Austin's 300 days of sunshine per year, View Dynamic Glass will significantly reduce Uplands Corporate Center's energy bill.

view

Dynamic Glass

Clear when you want it. Tints when you need it.
