4.95 ACRES

INVESTMENT OFFERING MEMORANDUM

EXECUTIVE SUMMARY

Cushman & Wakefield is pleased to present a compelling 4.95-acre fee simple investment opportunity encompassing three contiguous parcels located at 6421, 6423-6427, and 6425 6th Avenue, Tacoma, WA. Strategically positioned along the highly trafficked 6th Avenue commercial corridor, the site offers a unique combination of near-term income, with full site control in April of 2027, and long-term redevelopment potential.

The property includes land beneath approximately 39,300 square feet of existing retail improvements, leased under a ground lease to a private investment firm. The improvements are currently occupied by Grocery Outlet ($\pm 24,000$ SF) and Rolf's Import Auto Parts ($\pm 15,300$ SF). The ground lease provides passive income of approximately \$119,655 annually. With the ground tenant electing not to renew, the lease expires March 31, 2027, delivering full site control to the future owner. The property can be delivered as a pad or with the improvements at expiration.

This offering presents a rare range of strategic exit paths:

- **Redevelopment:** Well-positioned in Tacoma's high-growth West End submarket, the site is ideally suited for mixed-use redevelopment with potential for ground floor retail and residential or commercial above.
- **Owner-User Potential:** April 1, 2027, a buyer could occupy all or part of the 39,300 SF improvements—ideal for grocery, healthcare, automotive, or other commercial uses—with ample parking, strong street frontage, and excellent visibility.
- **Value-Add Lease-Up:** Investors may re-tenant the property at market lease rates once the ground lease expires, unlocking substantial income upside relative to the current below-market rent structure.

REDEVELOPMENT/USER POTENTIAL

REDEVELOPMENT OPPORTUNITY OVERVIEW

With full site control available post-April 1st, 2027, this ±4.95-acre assemblage represents a rare, high-visibility redevelopment opportunity along Tacoma's dynamic 6th Avenue corridor. Zoned C-2, the site supports a wide range of medium- to high-intensity commercial uses and allows for residential development as part of mixed-use projects—ideal for urban infill strategies that capitalize on shifting demographic and retail trends.

VISION FOR MIXED-USE POTENTIAL

The site is well-positioned for a vertical mixed-use redevelopment incorporating ground-floor retail and upper-level residential or commercial uses. Conceptual configurations may include:

- **Street-Level Retail:** 20,000–30,000 SF targeting daily-needs and neighborhood-serving tenants, with market rents projected at \$28–\$32/SF NNN.
- **Upper-Level Multifamily:** 220–370 residential units, based on achievable densities of 45–75 units per acre, with rental rates forecasted between \$1.80–\$2.00/SF.

This density and configuration align with comparable infill projects in the area, such as the nearby Kmart site redevelopment (~400 units) and The Analog, a proven mixed-use concept with similar rent and vacancy profiles.

STRATEGIC DRIVERS

The site benefits from substantial demand drivers and locational advantages, including:

- **Traffic Counts:** 16,000+ vehicles per day, delivering strong visibility and access for retailers and service-oriented tenants.
- **Proximity to Institutions:** Located within a short distance of Tacoma Community College (12,000+ students) and Joint Base Lewis-McChord (100,000+ personnel), the site is well-positioned to serve a large and diverse consumer base. Other regional drivers include University of Puget Sound, Pacific Lutheran University, and The Evergreen State College Tacoma—totalling many thousands of additional students and employees within a few miles' radius.
- **Demographic Momentum:** Ongoing residential growth and increasing density along the 6th Avenue corridor position the site for strong absorption of new housing and commercial uses.

ALTERNATIVE USE CASES

While redevelopment into a mixed-use residential/retail format is the highest and best use upon lease expiration, the existing ±39,300 SF structure—currently occupied by Grocery Outlet and Rolf's Auto Supply—may offer interim or extended value as an owner-user opportunity or value-add investment. Investors may choose to lease the premises at market rates post-2027 or hold the asset while entitlements for redevelopment are pursued.

MARKET OVERVIEW

CITY OF TACOMA

Tacoma is the second-largest city in the Puget Sound region, offering a lower cost of living and easier development path compared to Seattle. Its economy is driven by healthcare, education, logistics, defense, and technology. The city has seen a resurgence in downtown redevelopment, supported by infrastructure investment and population growth.

WEST END SUBMARKET DRIVERS

- **Tacoma Community College** - 3 blocks south (12,000+ students)
- **University of Puget Sound** - 3 miles northeast (2,500+ students)
- **Joint Base Lewis-McChord** - 9 miles south (100,000+ personnel)
- **Retail Trade Area** - Dense, with 200,000+ residents within a 5-mile radius.
- **Traffic Counts** - 6th Avenue sees 16,000 vehicles/day, ensuring high visibility.
- **Connectivity** - Direct access to SR-16 and Narrows Bridge, linking to Gig Harbor as well as Kitsap Peninsula, showcasing proximity to a well-known and affluent residential communities.
- **Port of Tacoma** - Combined with the Port of Seattle makes for the 5th biggest port in the USA.

INVESTMENT HIGHLIGHTS

Full site control post-lease expiration

Redevelopment potential in a zoning district supporting commercial and mixed-use

Located in Tacoma's active 6th Avenue corridor with strong local demographics

Strategic urban infill opportunity with favorable land basis and rising submarket rents

ZONING OVERVIEW

ZONING OVERVIEW – C-2 GENERAL COMMUNITY COMMERCIAL DISTRICT

The subject property is located within the C-2 General Community Commercial District as defined by the City of Tacoma Zoning Code (TMC 13.06.030.C.3). This district is intended to support a broad range of medium- to high-intensity commercial uses and is suitable for larger-scale office, retail, and service activities serving a wide market area. Residential uses are also permitted, particularly as part of a mixed-use development.

PURPOSE OF COMMERCIAL DISTRICTS

According to TMC 13.06.030.C.3 designed for medium- to high-intensity commercial uses and mixed-use developments. Key parameters include:

- Permitted Uses: Retail, office, services, and residential (in mixed-use projects).
- Height Limit: Up to 60 feet (or higher with conditional use permits).
- Floor Area Ratio (FAR): Flexible, typically 2.0–3.0 for mixed-use projects.
- Setbacks: Minimal front setbacks to encourage pedestrian-friendly design.
- The C-2 district aligns with Tacoma’s Comprehensive Plan, supporting vibrant commercial hubs like 6th Avenue. The 4.95-acre site is ideal for mixed-use redevelopment, combining street-level retail (20,000–30,000 SF) with multifamily (220–370 units at 45–75 units/acre).
- For details, contact Tacoma Planning and Development Services or visit [Tacoma Comprehensive Plan](#).

DEVELOPMENT POTENTIAL

Given the property’s size, street frontage, and zoning designation, the site is ideally positioned for a future mixed-use redevelopment featuring street-level retail and upper-level residential or office space. The C-2 district allows flexibility for creative site design and intensity, in line with Tacoma’s long-range planning goals.

Additional zoning and comprehensive plan guidance is available through the City of Tacoma Planning and Development Services Department.
