OFFERING MEMORANDUM

EXECUTIVE SUMMARY

A RARE URBAN INDUSTRIAL OPPORTUNITY IN ONE OF THE BRONX'S MOST CONNECTED LOCATIONS

495 Walton Avenue / 500 Gerard Avenue presents a rare opportunity to lease a highly functional urban industrial facility in Mott Haven, one of the Bronx's most strategically connected commercial districts.

Totaling 49,735 square feet, the property features a block-through configuration with frontage on both Walton Avenue and Gerard Avenue. The facility consists of interconnected building sections joined by an interior vehicular ramp, allowing direct circulation throughout the property and supporting flexible operations across multiple use areas.

Both the Walton Avenue and Gerard Avenue portions benefit from street-level access, creating a cohesive and versatile industrial environment. The Walton Avenue frontage further enhances the property's functionality with a dedicated, off-street, 1,200-square-foot covered loading and staging area.

The building offers 21' ceiling heights on the Walton Avenue side, 14' ceiling heights on the Gerard Avenue side, 3-phase electrical service, air-conditioned office space, gas space heaters throughout both portions of the facility, and numerous drive-in loading bays.

This combination of scale, access, loading, and infrastructure makes the property well suited for food distribution and storage, trade supply, props, scenic and film support, e-commerce staging, light manufacturing, car or van storage, and urban service operations.

Positioned with immediate access to Manhattan, the western and southern Bronx, and the broader New York City region, the property offers strong connectivity to major highways, bridge crossings, transit options, and regional distribution infrastructure. Its proximity to the Hunts Point Produce Market and Fulton Fish Market Cooperative further places it near one of the Bronx's most important industrial demand drivers.

LOCATION OVERVIEW

Mott Haven offers industrial users a rare launch point into Manhattan without sacrificing the space and functionality needed for real operations. With direct access to one of the city's densest commercial markets and a Bronx County civilian labor force of 631,934 as of February 2026, supported by an 8.2% unemployment rate implying available workforce depth for warehouse, fulfillment, trades, and light manufacturing users, 495 Walton Avenue pairs South Bronx industrial utility with a level of access and labor availability few outer-borough facilities can match.
