Class A life science campus

OF LIFE SCIENCES

Arc UTC is raising the bar for life science campuses within San Diego's thriving biotech corridor. Spanning 256,000 SF across four, state-of-the-art buildings, the campus is undergoing transformative upgrades and infrastructure enhancements to meet the evolving needs of today's leading life science companies.

CAMPUS AMENITIES

Meeting spaces, fitness center, outdoor gathering spaces, and F&B

LAB INFRASTRUCTURE

Robust building systems for life science tenants

UNIVERSITY TOWN CENTER (UTC) BIOTECH CORRIDOR

Technology and life science cluster, 0.5 miles to Westfield Mall

COMMUNITY

Surrounded by 72,000 biotech professionals

CENTRALLY LOCATED IN SAN DIEGO

Close proximity to I-5 and I-805 freeways

SIGNAGE OPPORTUNITIES

Freeway presence along I-805

OUR LOCATION

SAN DIEGO

Given its diverse economy, concentration of intellectual capital, highly skilled workforce and internationally recognized quality of life, San Diego is expected to be a leading national growth driver. Known as “Biotech Beach,” San Diego is home to over 1,300 life sciences companies and some of the world’s most influential tech giants. Fueled by 72,000 industry professionals, top-tier research institutions and a lifestyle that’s second to none, the region has become a launchpad for discovery and a magnet for companies looking to grow and lead on a global stage.

YOUR PARTNER FOR THE NEXT GENERATION

Arc UTC is proudly owned and operated by King Street Properties, a national leader dedicated to serving the real estate needs of science-driven companies and institutions.

Known as one of the country's preeminent life science developers, King Street currently owns and operates facilities in prominent life science hubs including Boston, San Francisco, San Diego, the Research Triangle, and New York. Unmatched technical expertise, access to capital, and a people-centered approach make King Street your ideal partner for advanced space solutions.

“King Street is focused on providing best-in-class real estate opportunities to life science companies and we look forward to helping more firms with their lab and office needs in San Diego.”
