Reimagined for the Future of Work

The FreeMoreWest neighborhood is taking shape - a place where Charlotte's industrial heritage meets modern-day vision and values.

Great food, distinct retail, and proximity to entertainment have inspired a creative mix of companies to move in and make something cool. While it's location has made planting roots here a no brainer. No other neighborhood offers such connectivity to the culture of the city.

Neighborhood Cool Factor

Historic Character Meets Modern Future

Once the headquarters of Grinnell Waterworks, this creative office building sits on the buzzing West Morehead Street.

Originally constructed in 1930, the building’s industrial details and iconic architectural elements, like its smoke stack, have been preserved. The office spaces within offer tons of natural light, historic character, and open space for a flexible work environment.
